Diseases: Root rot may occur with excessive soil moisture. Powdery mildew, rust, and leaf spots may occur.

Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

Description

We tried so hard to name this something else, but we all came back to the name 'Forever Purple' for a very simple reason. It is forever purple! 'Forever Purple' is a knockout with ultra-purple glossy leaves with fluted edges and great vigor. Very short spikes of purple-pink flowers in summer and four seasons of purple. A real show stopper. Destined to become the new standard for purple foliage perennials.
