Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

Description

Bright peach-colored leaves that literally glow in spring, summer and fall, turning to plum in winter. Large, smooth leaves and flaming red infusions create drama in the garden. The color progression of 'Peach Flambé' thru the year provides multi-seasonal interest as a superb color companion with spring yellows, summer blues, and fall oranges. A vigorous, medium-sized plant that produces white flowers in spring on stems to 16". This newcomer has rapidly climbed the charts to become one of our TOP 5 sellers! Won a first place award at the Royal Dutch Flower Bulb Association show in 2008.
