Habit: Mound

Diseases: The plants can have leaf spot and crown rot if kept too moist

Day Length for Flowering: Long day

Do NOT bury the crown of the plug

Description

CARA MIA™ Rose, with its exceptional crown count, is a blooming machine. It's long-blooming, anemone-double, raspberry pink flowers come early and keep on coming until frost. We were amazed with the number of flowers on the low, dense, compact habit. The extremely early bloom time is another bonus.
