Habit: Mounding	<u>Diseases</u> : Root rot may occur with excessive soil moisture. Powdery mildew, rust, and leaf spots may occur.	
Day Length for Flowering: Day neutral		

Do NOT bury the crown of the plug

Description

So many ruffles! Each ruby colored leaf is ruffled and fluted to an extreme degree. Moderately large and very full, 'Ruby Tuesday' tops itself with hundreds of tiny, star like flowers and performs in sun and shade. Late summer color matures to a rich Merlot color and covers the foliage with a silvery veil.
